THE ENDURING VALUE OF BASTA SOLE®

“Quality is not expensive, it is enduring.”

An investment in a Basta Sole® Market Umbrella is an investment in craftsmanship and in the finest materials available. Since its inception, Basta Sole® has established an envied reputation for elegantly detailed and masterfully constructed umbrellas built to the most exacting standards. The culmination of this commitment is found throughout the world in sophisticated cupolas of color, floating fabric canopies that shade and shelter treasured friends and guests. At first inspection, all market umbrellas may all appear to be the same. However, upon closer examination the hand of the craftsman is seen in the attention to details.

Details such as:

- Vertically grained laminated poles turned from hard woods, the same material used to build furniture.
- Hubs lined with non-marring Delrin® bearings for smooth, scratch resistant lifting and lowering.
- Umbrella covers with air vents, reinforced stress points, and sewn with threads containing special UV inhibitors.
