# FEATURES

- ♣ Industry best and ONLY commercial grade tilt, with a sixty degree tilt rotation for utmost shade coverage.
- ♣ Superior quality fiberglass ribs for maximum flexibility and wind resistance.
- ♣ The 1.5" diameter aluminum center pole has a 1/8" wall thickness, providing incredible strength and durability.
- ♣ Reinforced four-layer pockets prevent fabric from tearing.
- ♣ Modular construction allows for easy repair of individual components if necessary.
- ♣ Maintenance free stainless steel hardware.

Manufactured with beautiful 9 oz. marine grade acrylic fabric that offers unmatched UV protection and longevity, the Catalina is easy to clean, mold and mildew resistant, and has a guarantee against fading. Other umbrellas are manufactured with lighter, 8 oz. furniture/cushion grade fabric that can sag or stretch over time.

Three frame builds allow you to select the Catalina that will best suit all of your shade needs. Constructed with the highest quality materials, eye catching, high quality powder coated frame finishes and a great selection of fabric colors, an umbrella from the Catalina Collection will perfectly complement any outdoor setting.
