

KETTLER®

2019
Casual Furniture Collection

ALL WEATHER WICKER

Our high quality Polyethylene (PE) material is all-weather, maintenance free and can be used indoors or out. This synthetic weave uses hand-made manufacturing techniques offering optimal strength and durability on all-aluminum powder-coated frames. A UV rating of 2000 hours provides a high level of color fastness combined with all-weather Sunbrella® fabrics to withstand even the harshest elements.

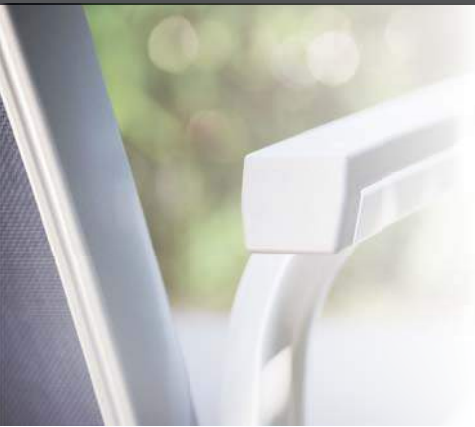

WROUGHT IRON

Our wrought iron incorporates the finest materials, careful craftsmanship and clean, versatile designs with exemplary comfort. Our Electrotherm® coating process is specially developed for the harshest outdoor elements, providing an exceptional corrosion barrier that reliably seals and protects the high quality steel frame, even in coastal areas.

THE ELECTROTHERM® ADVANTAGE

- Uniform coating thickness with excellent edge coverage
- Higher powder adhesion rate (20% more than standard methods)
- Maximum weather and corrosion resistance
- Superior color retention and resistant to blistering and peeling

ALUMINUM

Elegant aluminum combined with our slings and polymer resin allow for a contemporary design with timeless character. The specialized surface treatment and powder-coated finish not only develops the frames signature brilliance, but allows for easy maintenance and extreme weather resistance. Additionally, the polymer resin components, such as armrests, beautifully coordinate with the frames and remain cool to the touch.

POLYMER RESIN

KETTLER® has gained vast experience in this field over decades and developed special resin formulations from which high-quality furniture is produced in Germany. The material recipe for this high-quality polymer has been specially developed by KETTLER® and is impervious to all weather conditions. All parts are extremely sturdy with brilliant surfaces and smooth edges. Here too lies the fine distinction between KETTLER® products & mass-produced articles.

Let The Party Begin!

The **KETTLER® Palma Casual Fire Table** is more than just garden furniture. It can be used to warm an outdoor gathering on a fall evening or roast marshmallows over the durable steel fire pit. The fire pit can be removed and replaced with the included stainless steel ice tub for when the weather warms up and the party starts. Chill champagne, beer or soft drinks on ice while keeping them in arms reach to extend the festivities.
