TABLES LEGEND

Icons represent the type of tops available for a specific table base. Top model #/U indicates umbrella hole is available.

ACRYLIC & GLASS

Our thick, resilient Acrylic table tops feature an attractive "hammered" textured pattern and are available on many Troptione® tables. They are weather and shatter resistant, making them as tough as they are stylish. When ease of maintenance, durability and safety are of concern, Acrylic tops are the ideal solution.

Our Obscure Glass table tops are 3/16" thick and are tempered for strength and safety. The tops feature an attractive "hammered" texture which helps minimize finger prints and hide unsightly dirt.

ALUMINUM

Enjoy the artistry and elegance of aluminum table tops without the expense. Boulevard and La'Stratta Patterned Aluminum table tops complement our furniture collections. These aluminum outdoor table tops are the ideal table surface where cost-effective durability is required.

STONEWORKS®

Designed to mimic Italian quarried stone, these Faux Granite table tops offer a regal appearance with easy maintenance. Weather-resistant and durable, these tops feature a chiseled edge and hand-applied patinas protected by strong sealants.

Matrix table tops are made of glass-fiber reinforced polymer designed to provide a similar appearance to concrete and terazzo. The tops are commercial-grade quality, designed to resist fading and cracking.
