Furniture  
Collection

## ALUMINUM

Our elegant aluminum, paired with slings, teak and polymer resin, creates a contemporary design with timeless appeal. The specialized surface treatment and powder-coated finish enhance the frames signature look while ensuring easy maintenance and exceptional weather resistance. Our coordinating accents, including armrests & tabletops, perfectly compliment the frames & remain cool to the touch.

## ALL WEATHER WICKER

Our premium Polyethylene (PE) material is all-weather and maintenance free, making it suitable for indoor and outdoor settings. This synthetic weave is crafted using hand-made techniques, ensuring exceptional strength and durability. Paired with all-aluminum powder-coated frames, it delivers long-lasting performance. A UV rating of 2000 hours offers a high level of color fastness complemented by all-weather Sunbrella® fabrics that withstand even the harshest elements.

## WROUGHT IRON

KETTLER® wrought iron furniture is built on exceptionally strong, high-quality steel frames and refined through expert craftsmanship, clean lines, and versatile design—delivering lasting durability without compromising comfort. Each frame is engineered to provide outstanding structural integrity, stability, and supportive seating for long-term performance. Designed for the most demanding outdoor environments, our furniture is protected by the advanced Electrotherm™ coating, which forms a powerful corrosion barrier—ensuring lasting durability, even in coastal conditions.

## THERMA-LUXE™

Crafted with a powder-coated aluminum base and a high-resolution heat-transfer finish, this advanced proprietary surface technology captures the authentic look of natural wood without any maintenance. Our Therma-Lux™ process permanently embeds realistic patterns into the surface, delivering the warmth of natural materials with strength and low-maintenance performance, ideal for both residential and commercial indoor or outdoor use.

Available on Chelsea, Elba, Elba Comfort and Versa Tables.

# KETTLER®

At KETTLER®, we craft premium outdoor furniture that embodies quality, innovation, and timeless elegance. Since our founding in 1949 by Mr. Heinz Kettler in Ense-Parsit, Germany, we have grown from humble beginnings into a renowned global brand.

For 45 years, KETTLER® USA has been proud to bring our commitment of excellence to customers across the Americas. As we continue to evolve, we remain dedicated to innovation and meticulous craftsmanship, ensuring every piece meets the highest standards of luxury and functionality. Transform your outdoor spaces with furniture designed to inspire relaxation and elevate your lifestyle.

## KETTLER® BRAND COLLECTIONS

### soleil

The Soleil collection brings together the energy of the sun and refined design to offer remarkably comfortable, high-value outdoor furnishings. Each piece is created to enhance open-air living—whether on a terrace, balcony, garden, or in indoor spaces that flow seamlessly outdoors. Featuring distinctive design elements, sustainable and recyclable materials, and carefully crafted construction, the collection is built for lasting enjoyment. As a premium offering, the Soleil collection elevates every moment of relaxation. Soleil—sit down and relax

### life OUTDOOR LIVING

The LIFE Outdoor collection offers a distinctive and innovative range of luxury casual outdoor furniture and accessories, seamlessly blending premium materials, unique designs, and exceptional comfort. This contemporary European-inspired line includes lounge sets, dining sets, bar-height sets, tables, loungers, room dividers, and a variety of accessories.

Wrought Iron Frames with Electrotherm Coating

Designed for long-lasting performance, our exclusive multi-layer ELECTROTHERM® coating provides an exceptional corrosion barrier, even in coastal environments. An intensive sand-blasting process thoroughly cleans and prepares the durable steel frames for maximum coating adhesion, resulting in a smooth, uniform finish that resists peeling and blistering. Easy to clean and backed by a five-year anti-rust guarantee, your furniture stays beautiful season after season.

## ELECTROTHERM® 4 LAYER COATING

**Layer 1 - Pre-treatment Layer:** Degreasing, cleaning, and phosphate treatment.

**Layer 2 - Electrophoresis Coating:** Ensures optimum adhesion of primer coat and polyester top coat.

**Layer 3 - Epoxy Primer Coating:** E-coat protects against oxidation and corrosion.

**Layer 4 - Super Durable Top Coat:** Totally weatherproof finish with superior gloss and color retention.

# soleil

The Soleil collection brings together the energy of the sun and refined design to deliver remarkably comfortable, high-value outdoor furnishings. Each piece is thoughtfully created to enhance open-air living—whether on a terrace, balcony, garden, or in indoor spaces that flow seamlessly outdoors. Featuring distinctive design elements, sustainable and recyclable materials, and carefully crafted construction, the collection is built for lasting enjoyment. As a premium offering, Soleil elevates every moment of relaxation. **Soleil — sit down and relax.**

## 100% SOLUTION-DYED ACRYLIC FABRICS

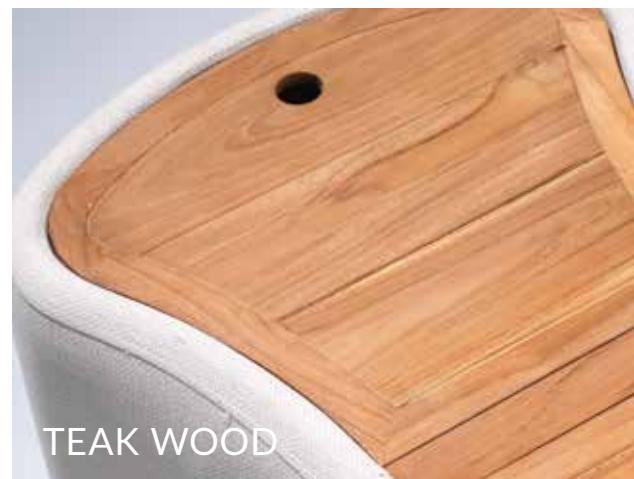

SOLEIL fabrics are crafted from 100% solution-dyed materials, where color is integrated into the fibers before spinning to create a rich, vibrant, and long-lasting finish. This advanced process delivers exceptional resistance to UV exposure, weathering, water, oil, stains, and mold. The fabrics are also breathable and easy to maintain, ensuring lasting comfort and durability in outdoor environments.

FABRICS

## TEAK WOOD

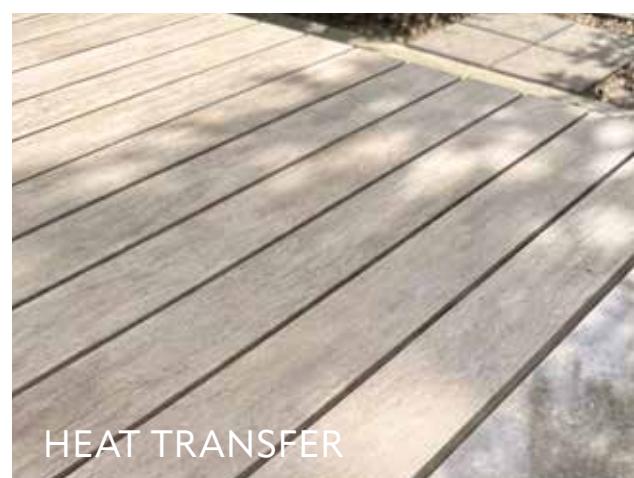

Teak wood is prized for its exceptional strength, longevity, and ability to withstand harsh outdoor conditions. Naturally rich in protective oils, teak forms an inherent barrier against moisture, making it highly resistant to warping, cracking, and swelling over time. Its warm, golden-brown tones bring a sense of natural elegance and comfort to outdoor spaces, aging beautifully with exposure to the elements. These distinctive qualities make teak an ideal material for outdoor furniture, offering both enduring performance and timeless appeal. All wood used in the SOLEIL assortment is FSC®-certified, ensuring responsible sourcing and sustainable forestry practices.

TEAK WOOD

## HEAT TRANSFER

Crafted with a powder-coated aluminum base and a high-resolution heat-transfer finish, this advanced surface technology captures the authentic look of natural wood or stone without the weight or maintenance. Our Therma-Lux™ process permanently embeds detailed patterns into the surface, creating a realistic, long-lasting finish that resists fading, chipping, warping, and weathering. Lightweight yet exceptionally durable, it delivers the warmth of natural materials with the strength, efficiency, and low-maintenance performance ideal for both residential and commercial indoor or outdoor use.

HEAT TRANSFER

## SINTERED STONE

Sintered stone is a high-performance, environmentally conscious surface made from 100% natural minerals fused under extreme heat and pressure to replicate the natural formation of stone—without resins or chemical binders. The result is a dense, non-porous material that is highly resistant to scratches, stains, heat, UV exposure, and moisture, making it hygienic, easy to clean, and suitable for both indoor and outdoor use. With its sleek, modern aesthetic and wide design versatility, sintered stone delivers the refined look of natural stone with superior durability, low maintenance, and long-term reliability for residential and commercial applications.

life  
OUTDOOR LIVING  
COLLECTION

The LIFE Outdoor collection offers a distinctive selection of luxury casual outdoor furniture and accessories that blend premium materials, refined craftsmanship, and exceptional comfort. Inspired by contemporary European design, the collection features clean lines, modern silhouettes, and a sophisticated aesthetic. From lounge, dining, and bar-height seating to tables, loungers, and accessories, LIFE Outdoor creates stylish, inviting spaces for relaxing and entertaining.

## SUNBRELLA® FABRIC

Sunbrella® is a premium acrylic fabric renowned for its exceptional outdoor performance, offering high color fastness, water resistance, durability, and easy maintenance. With a texture and feel comparable to indoor fabrics, Sunbrella® is designed to endure season after season, standing up to sun, rain, and countless memorable moments.

FABRICS

## TEXTILENE FABRIC

Our unique pillows and slings are designed to withstand the elements all season long. Crafted from extra-strong fabric for exceptional durability, they are easy to clean, quick-drying, weather-resistant, and maintain vibrant color over time.

## TEAK WOOD

The teak wood used by LIFE is SVLK (Sistem Verifikasi Legalitas Kayu) certified, ensuring a fully registered and monitored manufacturing process. Purchasing SVLK-certified wood guarantees sustainable sourcing, supporting the longevity of plantations. Teak wood is prized for its exceptional strength, longevity, and ability to withstand harsh outdoor conditions. Naturally rich in protective oils, teak forms an inherent barrier against moisture, making it highly resistant to warping, cracking, and swelling over time. Over time, this durable wood develops a natural grey patina, adding character to its appearance. As a natural material, teak requires regular maintenance—use LIFE maintenance products to preserve its excellent condition.

TEAK WOOD

## ALUMINUM FRAMES

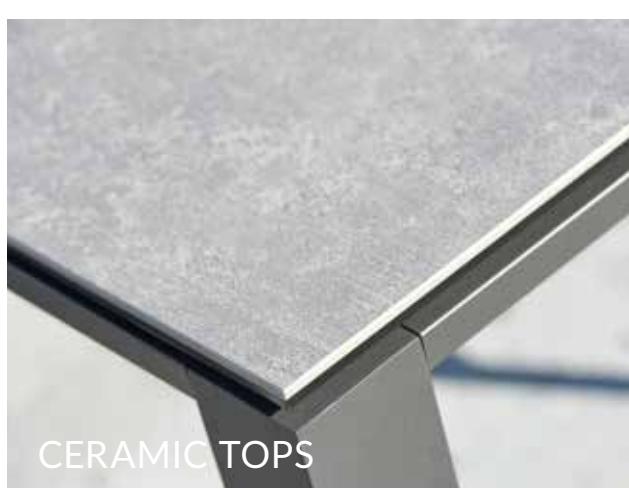

LIFE Outdoor Living aluminum patio furniture combines modern design with everyday durability. Crafted from lightweight yet durable, rust-proof aluminum, each piece is easy to move while remaining strong enough to withstand a wide range of climates. A high-quality powder-coated finish provides added protection against weather, scratches, and stains, helping the color stay vibrant season after season. Naturally low maintenance and fully recyclable, aluminum furniture from LIFE offers a smart, sustainable solution for outdoor living—delivering clean lines, lasting performance, and effortless style in any outdoor space.

ALUMINUM FRAMES

## CERAMIC TOPS

LIFE ceramic table tops boast a striking concrete appearance that is fully weatherproof and incredibly easy to maintain. Known as the most durable material for table tops, ceramic offers exceptional scratch resistance and can withstand temperatures from -40°F to 500°F, making it ideal for any environment. These table tops are crafted from a blend of ceramic and epoxy, bonded to a layer of tempered glass, resulting in a beautifully crafted 10mm surface.
